

Audio	Visual
<p>Hi everyone!</p>	<p>Woman wearing a UserWay shirt is speaking, her video is in a small box in the left corner of the screen. This box remains throughout the video.</p> <p>A website appears in the main screen showing a site called “Dental Social Directory.” On the website is the image of a person with their arms folded wearing blue scrubs. Their face is blocked by page navigation.</p>
<p>In this video, I'm going to show you how to change the size of your UserWay widget.</p>	<p>The image does not change.</p>
<p>Here's our button.</p>	<p>A cursor hovers over the UserWay icon on the top-right corner of the dental website.</p>
<p>And if you feel that it's a bit big, then I'll show you how to change it.</p>	<p>The image does not change.</p>
<p>So click on the widget.</p>	<p>The cursor clicks on the UserWay icon.</p>

<p>All the way down select "Manage."</p>	<p>The UserWay widget menu opens, and the cursor scrolls down and clicks on the "Manage" link.</p>
<p>These are the widget settings.</p>	<p>The widget menu becomes the widget settings menu.</p>
<p>So to change the size, go to "Change the Button Size."</p>	<p>The cursor hovers over and clicks on the "Change the Button Size" link.</p>
<p>There are two different sizes.</p>	<p>The Change Button Size menu appears with two sizes of icons. The largest icon is highlighted.</p>
<p>And you just need to click over the new size.</p>	<p>The cursor clicks on the smaller icon size and it becomes highlighted.</p>
<p>Remember that no matter which size you choose, mobile devices will always display the smaller size.</p>	<p>The cursor hovers in a circle around the smaller size icon.</p>
<p>Whenever you're done, you can choose to apply the changes just to the current site.</p>	<p>The image does not change.</p>

<p>Or you can apply the changes to all the sites that you manage.</p>	<p>The cursor moves to hover over the “Apply to All 10 Sites” button on the Change Button Size menu.</p>
<p>I'm just going to apply this change to the current site.</p>	<p>The cursor moves to hover over a blue button that reads “Apply to Dentisocial” on the Change Button Size menu.</p>
<p>So click on "Apply."</p>	<p>The cursor clicks on the blue “Apply to Dentisocial” button.</p>
<p>And we're done.</p>	<p>The image doesn't change.</p>
<p>To learn how to customize your widget's look and feel, enable white label, agency mode, and other upgrades, check out the links in the description below.</p>	<p>The website fades away and the woman speaking becomes the main image.</p>
<p>Also, don't forget to subscribe!</p>	<p>The woman finishes speaking and the video fades to black.</p>
